A VI Feijoada da ABT The VI Feijoada Luncheon by ABT

FEIJOADA, THE TASTE OF BRASIL

Feijoada is known as the most traditional dish in the Brazilian cuisine. It is a blunt stew of black beans, salted and dried pork meat, served together with steamed kale, white rice, cassava flour and oranges. Putting it simple: this is "THE" real taste of Brazil.

ABT, the Brazilian Association in Thailand, proudly organizes every year a luncheon to celebrate its cultural heritage by serving this exotic gastronomic delight.

The latest edition of the event, The VI Feijoada Luncheon, happened in the charming Panorama Restaurant, at the Crowne Plaza hotel, on October 1st.

Over 45kg of prime ingredients were brought directly from Brazil to guarantee high quality and authenticity.

Members of our community who volunteered to prepare the meal worked for over 48 hours preparing and supervising all details in order to attain the same quality of a feijoada "made-in-Rio".

Once again, the effort has paid off and over 140 satisfied guests enjoyed a one-of-a-kind dish, leaving no left overs behind.

The success of the VI Feijoada is a continuation of a history that started six years ago and we hope one day Brazilians in neighborhood countries will fly over here just to try our famous Feijoada.

Today the luncheon - along with the **Carnival Ball** - is the most important event in the Brazilian community yearly calendar.

ABT is elated to keep organizing this event and is open to welcome sponsors interested in reaching the international community in Bangkok.
